

MENTORING COMMITTEE

We can use your talents in any of the following positions:

As a Committee member, you will assist in the training and monitoring of the mentoring program matches. The time commitment is minimal – a brief training session and monthly or bi-monthly contact with the program participants.

Be on the “staff of mentors” – complete a PWA Mentoring Application. The Committee will review it, keep it on file and when a protégé is looking for a mentor with your traits, the Committee will match you and then supervise the match.

The professionally designed PWA Mentoring Program manuals provide an excellent tool for future leaders of the program. With a little training you'll have all the tools you need to keep the PWA Mentoring Program an invaluable PWA member benefit.

Chair: [Kathleen Peterson](#)
